

STN-94

- temperature meter with double display
- input: Pt100, Pt500, Pt1000
- threshold value setting
- 1 relay output

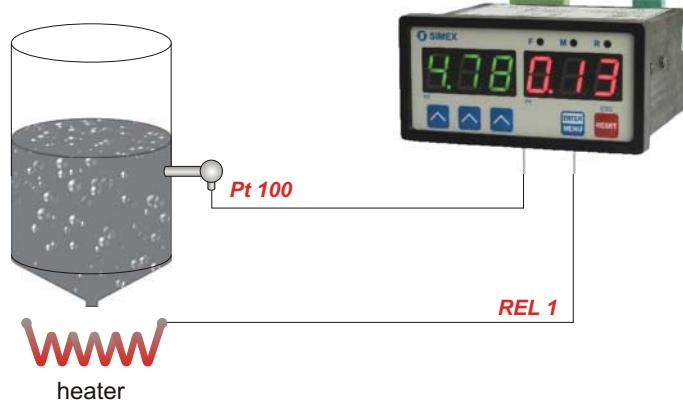

The **STN-94** temperature meter is particularly suitable in applications which require quick access to the threshold value with a possibility of its instant modification during measurements. 3 [↑] keys enable quick changing of any set value digit, which significantly reduces the time necessary to input a new parameter value. The relay output can be used to heating/cooling type control.

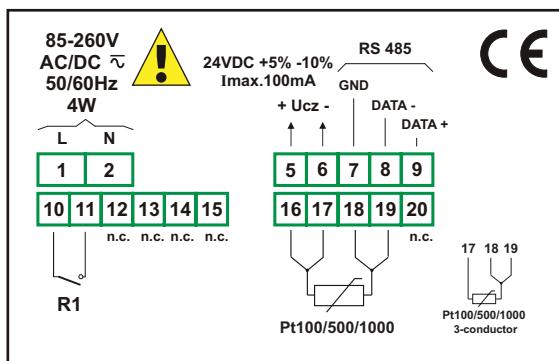

- double display,
- programmable measuring range,
- programmable relay hysteresis,
- programmable relay delay,
- password protected,
- programmable indication filtration,
- alarm diode informing when the measuring range is exceeded,
- available with AC and DC power supply versions.

Typical applications

1. Batching a medium to the tank with continuous level measurement in any unit.

Exemplary pin assignment

Technical data

Power supply: 19V ± 50V DC; 16V ± 35V AC or 85 ± 260V AC/DC, all separated

Power consumption: for 85 ± 260V AC/DC and 16V ± 35V AC power supply: max. 4,5 VA; 19V ± 50V DC power supply: max. 4,5 W

Display: real values - LED, red, 3 digits, 13 mm high;
set values - LED, green, 3 digits, 13 mm high

Input: temperature Pt100, Pt500, Pt1000

Measuring range: -99°C ± 600°C

Measuring range of set values display: -99 ± 999 (-9,9 ± 99,9)

Accuracy: 0.1% @25°C

Stability: 50 ppm/°C

Resolution: 0,1°C

Resistance compensation of connecting conductors: 0 ± 20 Ω at any conductor

Output: 1 relay 1A/250V AC ($\cos\phi=1$)

Transducer power supply output: 24V DC ±5%, -10% / max. 100 mA, stabilized, not insulated from measuring inputs

Communication interface: RS 485, 8N1 and 8N2, 1200 bit/s ± 115200 bit/s, Modbus RTU (not galvanically insulated)

Operating temperature: 0°C ± +50°C

Storage temperature: -10°C ± +70°C

Protection class: IP 65 (front), available additional frame IP 65 for panel cut-out sealing; IP 20 (case and connection clips)

Case: board

Case material: NORYL-GFN2S E1

Case dimensions: 96 x 48 x 100 mm

Panel cut-out dimensions: 90,5 x 43 mm

Installation depth: min. 102 mm

Board thickness: max. 5 mm

Ordering

STN-94-1311-1-X-XX1

- options:
 - 00 : no options
 - 01 : IP 65 frame
- power supply:
 - 3 : 24V AC/DC
 - 4 : 85V - 260V AC/DC
